

# Sharon M. Batista, MD

**Psychiatrist, Tech Strategist &  
Doximity Digital Health  
Fellow**

**A telemedicine pioneer with 15+ years of clinical experience, Dr. Batista is a practicing psychiatrist and business owner with expertise in the thoughtful integration of AI in personal and professional arenas of life. As a Doximity Fellow, she partners with developers to refine HIPAA-compliant tools that help doctors focus their attention on what they care most about - their patients - and spend less energy on admin.**

## SIGNATURE TOPICS
